Liberty Area Residents

The current bylaws for the Association were written and approved in September 1981. Oklahoma law changed in 2019 and the Board of Directors has developed a revised set of bylaws over the past several months to conform with the changes made to the law. The basic contents of the original bylaws have been followed in the revision.

These revised bylaws will need to be approved by the Association members at the Annual meeting on September 16, 2023. You can view the revised bylaws online at our website: www.libertyfire.org/bylaws.html

Please plan to attend the Annual Meeting to vote on the revised bylaws.

Remember that the Association successfully obtained an upgraded ISO insurance rating of 6/10 last year. Since the Liberty Fire Department has a hauled water capacity of 6,950 gallons of water in our three tanker trucks the previous requirement that you had to have a fire hydrant within 1,000 feet of your residence or business to take advantage of the Liberty Fire Departments rating was removed. Check with your insurance company to be sure that you are receiving the benefit of this improved ISO rating on your insurance.

Enclosed is an invoice for your October 1, 2023 – September 30, 2024, Liberty Area Fire Protection Association dues. **The \$60.00 annual membership fee, per dwelling units, is due before October 1, 2023.** Please send the enclosed invoice back with your check or money order to ensure proper credit for your payment. We request that you include your email address, if you have one, so we can more quickly notify you when news or emergencies occur.

Detailed Instructions are on the invoice on how to submit your dues by PayPal or mail with the enclosed envelope.

If you need to pay your dues in installments over time, please attach a note to your invoice telling us how you intend to pay (monthly, every three months, twice a year etc.).
